

## STEWARTFIELD COMMUNITY COUNCIL

### Correspondence Received Feb/Mar 2010

#### 1. Licensing (Scotland) Act 2005

The following applications have been received in respect of premises licences:

- Scotmid, Strathaven

#### 2. Planning Application Notice

Dawn Development has recently submitted a Planning Application Notice to SLC in relation to develop a food store and petrol station on West Mains Road, East Kilbride. The propose site is currently derelict.

Proposals for this 2.5 hectare site include:

- A retail superstore (7,317 sq m gross floor area)
- Significant investment in the area
- The creation of 350-400 jobs
- Comprehensive car parking spaces
- a recycling bay
- Improved road access and road improvements

Steve McConnell Director Dawn Construction will be making a presentation at the March meeting.

#### 3. Sainbury's East Kilbride

Sainbury's have written to the Community Council highlighting that they are working in partnership with East Kilbride Shopping Centre in delivering an alternative and highly attractive option to SLC regarding the sale of the Kittoch Field site.

A joint bid will be made to the council which will effectively replace the Olympia store in a comprehensive redevelopment strategy for the overall town centre.

They believe that a Sainbury's replacement store at Kittoch Field would offer a supermarket more compatible with the existing retail provision in the town centre and free up floorspace in the shopping centre for other complimentary leisure/retail operators.

Further information can be obtained from Clair McConnell on 0131 220 0159 or at [Claire.mcconnell@invictapa.co.uk](mailto:Claire.mcconnell@invictapa.co.uk)
